Seventy Years Of Progress

Seventy years ago a small winter resort, known for its primeval forest covering one thousand acres and five miles of gently-sloping beaches, was owned by the Norfolk, Albemarle, and Atlantic Railroad Company. The Princess Anne Hotel, owned by the same railroad, provided a haven for sportsmen and those seeking a quiet rest. There were diversified amusements offered.

With time and progress the small resort gradually changed from the quiet, backwoods atmosphere of the 1890's into a small town with stores along 17th Street and Atlantic Avenue by the early 1920's. Plans for a new road running along the present 31st Street were in progress.

Now an even greater change is evident. The town has developed into a booming resort city, known for its modern accommodations and amusements. Having traveled a long road of progress and development, it has emerged as "The World's Largest Resort City," Virginia Beach.

In Dedication . . .

Perhaps no words could better describe Mr. Rountree than the single word, "dedication." In class he has developed an interesting procedure, one that allows the student to participate and that deviates from everyday drill. He is always ready to assist a willing student. Through his patience and understanding one can achieve the knowledge that he has set forth to impart. In appreciation of his years of service to Virginia Beach High School, the **1965 Hurricane** is dedicated with pleasure to Mr. Carlton Rountree.

What's the problem?

The Hurricane is the name given to the Virginia Beach High School annual. Its staff is divided into two sections, literary and business. The staff members are composed of students in their junior or senior year. With much enthusiasm and interest **The Hurricane** staff strives to put out an annual which will be successful and an asset to the school.

Much of the work of the business staff is spent soliciting ads in the summer and promoting sales in the winter. The literary staff begins work in the spring, gathering materials and ideas, and continues into the winter until the last deadline in February is met.

This year the members sponsored the annual Student-Faculty Basketball Game. They also had a bake sale and sponsored a bus to one of the away football games. The money earned by these projects will be put in the fund for a scholarship for a senior member.

The 1964 football season was an unusual one for the Seahawks. In their first year in Group I-A competition they emerged with an impressive 7-3 record and the Eastern District scoring champion, Chris Hanson.

The Seahawks opened the season with an easy 32-0 victory over Cape Charles. Next, the Norfolk Academy Bulldogs and the Suffolk Raiders fell victims to the Seahawks by scores of 19-12 and 26-0.

The Seahawks rolled over the James Blair Jaybees 15-7; but, hampered by injuries, lost to York 27-0.

However the Seahawks rebounded from their

defeat with a 27-7 victory over Northampton only to lose a thriller to Cox High 13-7. The Seahawks had mounted a powerful scoring drive only to have the game called with 12 seconds showing on the scoreboard clock. A state scoring record was set by a Virginia Beach rout of 82-6 over Holland. Unfortunately, in the next to the last game the Seahawks suffered a 16-0 defeat at the hands of Southampton High School.

Finally, the '64 Seahawks rounded out the season by winning the Homecoming game by a score of 26-25 over the Kellam Knights.

The Seahawk varsity basketball team experienced one of the worst seasons it has ever had, but plenty of spirit and team hustle kept them going against the much larger Eastern District teams. They played such basketball powers as Maury, Newport News, Norview, and Wilson. The boys deserve a lot of credit for sticking in there.

in the larger state tournament because of V.B.H.S.'s Group II status, the boys won the Staunton tournament by a whopping 14 strokes. In the individual competition, Leslie Watson and Zack Clement finished first and second respectively.

DEAR JORN,
ITS BEEN GREAT
HAVING YOU IN MY
BIOLOGY CLASS. (OR ME
BEING IN YOUR BIOLOGY
CLASS.) ANYHOOD, I
WILL BE COMING IN YOUR BIOLOGY
CLASS (STANDARD LINE) IN
COMING YEARS. SAY "HI"
TO MY "FRIEND" AT
BILL & MARY. SOME DAY
I'LL HAVE TO MEET HIM.
I KNOW YOU WILL HAVE
A BITCHIN' SUMMER, SO
I WON'T TELL YOU TO
HAVE ONE. LOTS OF
LUCK NEXT YEAR-
SUSAN!

Alma Mater

In years to come our thoughts will dwell
 On our school by the sea.
 Our days together, friends so true, will be
 our memory.
 So we will join in song today
 to praise it to the sky.
 From near and far our guiding star
 will ever reign on high.

So near the sands and by the sea
 will stand our school so proud.
 Green and white, our colors bright
 will wave above the crowd.
 Oh we are ever loyal and we shall never die
 And we'll remember always
 Our days at V.B. High.

Virginia Beach Excels in Things to Do!

The Surf is superb with its long rollers for riding the waves. A fine sand bottom extends way out, smooth and free of shells . . . the water temperature in the hottest weather is always refreshing and invigorating.

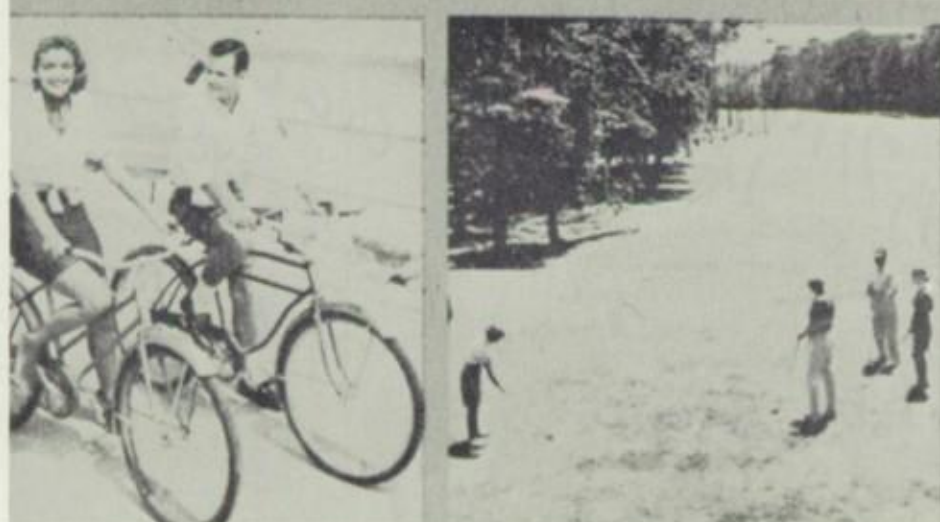

Miles of Magnificent Beaches, gaily colored with rows of umbrellas and chairs. A lifeguard stand approximately every city block. Young and old alike spend sun-kissed days sun-tanning, playing on the wide beach or relaxing under an umbrella. A cement boardwalk extends 32 blocks along the oceanfront.

Five Fine Golf Courses — These courses may be used by guests of hotels belonging to the clubs. These picturesque courses are open the year around but are extremely popular during the spring thru fall.

A Fisherman's Paradise, Virginia Beach has all types of fresh and salt water fishing — there are three fishing piers, bay and lake fishing, inshore and offshore game fishing. Back Bay, on the north-south flyway, is a fisherman's paradise with bass fishing, deer hunting, geese and duck shooting.

There are pools galore — many of the motels and hotels have pools while Club pool privileges are extended guests of places having memberships.

Many Other Diversions — A golf driving range, miniature golf course, air-conditioned new bowling lanes, bay sight-seeing cruise, jeep buggy trips down the outer banks, summer theatre and biking on the boardwalk. Gay miniature trains, popular for sight-seeing or taxi-ing run on the boardwalk during the summer.

Conclusion

We, as students of Virginia Beach High School, are proud of our role in the development of our city as a community as well as a resort area. Just as we Seahawks have grown in understanding through individual participation and group organization in school and community life, the city as a whole has aggregated and prospered. After we leave Virginia Beach High School, having retained what we have learned here, tomorrow's city of Virginia Beach belongs to us as builders of the future.

The staff and advisors of the **1965 Hurricane** express special appreciation to Miss Cornelia Holland, Mrs. David Holland, Miss Patricia Noden, and Mr. Richard Dyer of Boice Studio for their assistance and pictorial contributions to the development of our theme.

Joan,
Well how's about another ride on

an experience knowing you and I have
loved every minute of it. You are
